PRICING SUPPLEMENT

MiFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Securities has led to the conclusion that: (i) the target market for the Securities is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Securities to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Securities (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS: The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**") or the United Kingdom. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA or the United Kingdom has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA or the United Kingdom may be unlawful under the PRIIPs Regulation. Notwithstanding the above, if the Dealer subsequently prepares and publishes a key information document under the PRIIPs Regulation in respect of the Securities, then the prohibition on the offering, sale or otherwise making available the Securities to a retail investor as described above shall no longer apply.

(the "Securities")**

The offering circular dated 23 April 2020 (the "**Offering Circular**") (as completed and (if applicable) amended by this Pricing Supplement) has been prepared on the basis that any offer of Securities in any Member State of the EEA or the United Kingdom (each, a "**Relevant State**") will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of the Securities. The expression "Prospectus Regulation" means Regulation (EU) 2017/1129, as amended. Accordingly any person making or intending to make an offer in that Relevant State of the Securities may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Securities in any other circumstances.

The Securities may only be offered and the Offering Circular and this Pricing Supplement as well as any other offering or marketing material relating to the Securities may only be offered to investors in Switzerland pursuant to an exception from the prospectus requirement under the Swiss Financial Services Act ("**FinSA**"), as such terms are defined under the FinSA.

Neither this document nor the Offering Circular constitute a prospectus within the meaning of the FinSA and no prospectus pursuant to the FinSA will be prepared in connection with such offering of the Securities.

The Securities have not been, and shall not be, offered or sold, directly or indirectly, in the Republic of China ("**ROC**"), to investors other than "professional institutional investors" as defined under Item 1, Paragraph 1, Article 2-1 of the Taipei Exchange Rules Governing Management of Foreign Currency Denominated International Bonds ("**Professional Institutional Investors**"). Purchasers of the Securities are not permitted to sell or otherwise dispose of the Securities except by transfer to a Professional Institutional Investor.

If you purchase the Securities described in this Pricing Supplement after the date hereof, you should review the most recent version (if any) of the Offering Circular and each supplement thereafter up to (and including) the date of purchase to ensure that you have the most up to date information on the Issuer on which to base your investment decision (note that the terms and conditions of the Securities will remain as described in this Pricing Supplement and the version of the Offering Circular described above, subject to any amendments notified to Holders). Each supplement and replacement version (if any) to the Offering Circular can be found on (www.bourse.lu) and (www.ise.ie).

Taipei Exchange ("**TPEX**") is not responsible for the content of this Pricing Supplement and the Offering Circular and any supplement or amendment thereto and no representation is made by TPEX to the accuracy or completeness of this Pricing Supplement and the Offering Circular and any supplement or amendment thereto. TPEX expressly disclaims any and all liability for any losses arising from, or as a result of the reliance on, all or part of the contents of this Pricing Supplement and the Offering Circular and any supplement or amendment thereto. Admission to the listing and trading of the Securities on the TPEX shall not be taken as an indication of the merits of the Issuer or the Securities.

The Notes constitute "loss-absorbing capacity" within the meaning of the final rules (the "**TLAC**") issued by the Federal Reserve on 15 December 2016 regarding, among other things, the minimum levels of unsecured external long-term debt and other loss-absorbing capacity that certain U.S. bank holding companies, including JPMorgan Chase & Co., are required to maintain. The relevant TLAC risk factors are disclosed in pages 68 - 69 of the Offering Circular under the heading "U.S. insolvency and resolution considerations".

The Notes do not include any right to convert or exchange into or subscribe to Issuer's equity or be written down for principal unless such conversion into the Issuer's common stock or write down is deemed necessary by the competent authority of the Issuer's home country because the Issuer is no longer viable.

RISK FACTORS

Purchase of these Securities involves substantial risks

Investors should ensure that they understand the nature of the risks posed by, and the extent of their exposure under, the Securities. Investors should make all pertinent inquiries they deem necessary without relying on the Issuer or the Dealer. Investors should consider the suitability of the Securities as an investment in light of their own circumstances, investment objectives, tax position and financial condition. Investors should consider carefully all the information set forth in this Pricing Supplement along with all the information set forth in the Offering Circular. Investors should pay particular attention to the section entitled "Risk Factors" in the Offering Circular (pages 29 to 119 inclusive).

The Issuer may redeem the Securities prior to the Maturity Date where, due to a change in law, a court ruling or some other administrative, regulatory or legal action which occurs on or after the Issue Date, the Issuer (or the relevant affiliate which has entered into hedging arrangements in respect of the Issuer's obligations under the Securities) has incurred (or there is a substantial likelihood that it will incur) a materially increased tax burden in relation to its hedging arrangements in respect of the Securities. In such case, the Issuer may (subject to certain conditions), on giving (generally) not less than 30 and not more than 60 days' notice, redeem the Securities at their Early Payment Amount (as described below). J.P. Morgan anticipates that the risk of such event occurring is remote, and further anticipates that in such unlikely event, it would not exercise its right to redeem the Securities unless the additional tax payable by it is or would be a substantially material amount. A pre-condition to the exercise of such right is the delivery by the Issuer to the Relevant Programme Agent of an opinion of independent legal advisers of recognised standing confirming that the terms described in the first sentence of this paragraph are met. If the Securities are redeemed in these circumstances, the Early Payment Amount you receive will be the Amortised Face Amount as set out in General Condition 5.5 (*Early Redemption of Zero Coupon Notes*). You may not be able to reinvest the early redemption proceeds in an investment having a similar rate of return.

The Issuer may redeem the Securities in certain other extraordinary circumstances prior to the Maturity Date including the occurrence of an Extraordinary Hedge Disruption Event (as described in the terms and conditions of the Securities). As described above, in such case, the Issuer may (subject to certain conditions), redeem the Securities at their Early Payment Amount. The Early Payment Amount may be less than the original purchase price of the Securities. You may not be able to reinvest the early redemption proceeds in an investment having a similar rate of return.

Unregulated Securities: The Securities do not constitute a participation in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes and are not subject to supervision by the Swiss Financial Market Supervisory Authority FINMA

None of the Securities constitutes a participation in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes and none of the Securities is subject to approval, registration or supervision by the Swiss Financial Market Supervisory Authority FINMA or any other regulatory authority in Switzerland. Accordingly, investors do not have the benefit of the specific investor protection provided under the Swiss Federal Act on Collective Investment Schemes and are exposed to the credit risk of the Issuer.

ADDITIONAL TAX INFORMATION

ROC Taxation

The following summary of certain taxation provisions under ROC law is based on current law and practice and the Notes will be issued, offered and re-sold to the Professional Institutional Investors only. It does not purport to be comprehensive and does not constitute legal or tax advice. Investors (particularly those subject to special tax rules, such as banks, dealers, insurance companies and tax-exempt entities) should consult with their own tax advisers regarding the tax consequences of an investment in the Notes.

Interest on the Notes

As the Issuer of the Notes is not a ROC statutory tax withholder, there is no ROC withholding tax on the interest to be paid on the Notes.

ROC corporate holders must include the interest received under the Notes as part of their taxable income and pay income tax at a flat rate of 20 per cent. (however, ROC Institutional Holders with less than NT\$120,000 of taxable income in a fiscal year are exempt from corporate income tax, and those with less than NT\$500,000 of taxable income in 2019 are subject to corporate income tax at a rate of 19 per cent.) as they are subject to income tax on their worldwide income. The alternative minimum tax ("AMT") is not applicable.

Sale of the Notes

In general, the sale of corporate bonds or financial bonds is subject to 0.1 per cent. securities transaction tax ("STT") on the transaction price. However, Article 2-1 of the ROC Securities Transaction Tax Act prescribes that STT will cease to be levied on the sale of corporate bonds and financial bonds from 1 January 2010 to 31 December 2026. Therefore, the sale of the Notes will be exempt from STT if the sale is conducted on or before 31 December 2026. Starting from 1 January 2027, any sale of the Notes will be subject to STT at 0.1 per cent. of the transaction price, unless otherwise provided by the ROC tax laws that may be in force at that time.

Capital gains generated from the sale of bonds are exempt from income tax. Accordingly, ROC corporate holders are not subject to income tax on any capital gains generated from the sale of the Notes. However, ROC corporate holders shall include the capital gains in calculating their basic income for the purpose of calculating their AMT. If the amount of the AMT exceeds the annual income tax calculated pursuant to the ROC Income Tax Act, the excess becomes the ROC corporate holders' AMT payable. Capital losses, if any, incurred by such holders could be carried over 5 years to offset against capital gains of same category of income for the purposes of calculating their AMT.
